—Terry Flannery, Former Assistant VP for University Marketing and Communications

“ The Maryland 4-H program would again like to thank you for the wonderful work you did on the 4-H promotional design and flyers.

Again thank you for the outstanding work you do...”

—Denise Frebertshauer, Senior Agent & Extension Specialist, 4-H Youth Development

## Professional Profile

As a visual graphic designer I believe my primary role is to help organizations look more professional—especially in comparison to their peers—and achieve their objectives. I have expert knowledge in graphic arts principles, various design software, typography, and layout.

- **Award-winning graphic design**—extensive experience with print, publication layout, exhibit display, web, video, brand development, and various business collateral, working primarily in non-profit education markets. Also extensive freelance design experience with various for- and non-profit businesses.
- **Visual problem-solving**—have taken a variety of assignments (such as print and web, and interactive and movies) from ideas to successful products. Known as a responsive, professional, and effective visual thinker.
- **Strong communication**—authored published articles in the University of Maryland’s College of Agriculture and Natural Resources alumni magazine *Momentum*, *Strategy* newsletter for youth ministers, *Power for Today* mini-booklet, and my blog.
